(Attach extra Sheets if Needed)

On October 23, 2006, Western Digital Corporation (the "Company") announced that a Special Committee of the Company's Board of Directors, comprised solely of independent directors, completed a three month, Company-initiated, voluntary review of its historical stock option grants. The key findings from the Special Committee's investigation were described in a press release dated October 23, 2006, furnished on Form 8-K on October 23, 2006.

The Company and its independent auditors are continuing to review the findings of the Special Committee as well as the recent accounting guidance published by the SEC. The Company has not yet determined how the accounting adjustments will be reflected in its financial statements. Accordingly, the Company is unable to file its periodic report on Form 10-Q within the prescribed time period for the period ended September 29, 2006 and does not currently anticipate that it will be able to file its Form 10-Q by November 13, 2006 (the fifth calendar day following the prescribed due date for such report). The Company plans to file its Form 10-K for its fiscal year ended June 30, 2006 and its Form 10-Q for the period ended September 29, 2006 as promptly as practicable after concluding if any changes to its historical financial statements are required.

(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes No

Annual Report on Form 10-K for the fiscal year ended June 30, 2006

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company previously announced results of operations for the period ended September 29, 2006 in an earnings release dated November 2, 2006, furnished on Form 8-K on November 2, 2006. As previously announced:

(i) The Company's results for the period ended September 29, 2006, reflected revenue of \$1.3 billion, net income of \$103 million, and earnings per share of \$0.46. For the period ended September 30, 2005, revenue was \$1.0 billion, net income was \$69 million, and earnings per share was \$0.31.

(ii) The Company generated \$128 million in cash flow from operations during the quarter, and ended the quarter with \$751 million of cash and short-term investments. During the same quarter in 2005, the Company generated \$40 million in cash flow from operations and ended the quarter with \$581 million of cash and short-term investments.

The Company's operating results reflected in the November 2, 2006 release do not include any adjustment relating to the findings of the Special Committee with respect to its review of the Company's historical stock option grants. Based on the review, it has been preliminarily determined that the Company should have recognized approximately \$21 million of additional stock-based compensation and tax-related expenses in its historical financial statements. However, the Company does not anticipate a material adjustment to the operating results included in the November 2, 2006 release nor to the results for fiscal 2005 and 2006 included in its July 27, 2006 press release.

This notification of late filing on Form 12b-25 contains forward-looking statements regarding the Company's current anticipation that the stock option review will not result in a material adjustment to the operating results included in the November 2, 2006 release nor to the results for fiscal 2005 and 2006 included in its July 27, 2006 press release. These forward-looking statements are based on the Company's current expectations and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements, including risks and uncertainties relating to developments in regulatory and legal guidance regarding stock option grants and accounting for such grants. For example, information may be learned and analysis may be undertaken concerning the Company's historic stock option grants and accounting that may materially impact the Company's financial statements or results. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof, and the Company undertakes no obligation to update these forward-looking statements to reflect subsequent events or circumstances.
